Hastik Mangukiya

Flutter Developer || Intern at @zidiodevelopment || Android Studio ||
Firebase || Dart || Full Stack Application Developer || CSE Parul
Vadodara, Gujarat, India

Summary

Hey there, I'm Hastik, a Full Stack Mobile App Developer Specialist passionate about crafting immersive user experiences. With over a year of focused experience in Flutter development and UI design, I excel at transforming concepts into captivating mobile applications.

Armed with a CSE in computer science, I continuously explore emerging technologies to stay ahead in the dynamic software development landscape. My research interests lie in computer vision, pattern recognition, and medical imaging.

I'm driven by a relentless passion for coding, approaching every project with enthusiasm and dedication. From crafting intuitive user interfaces to tackling complex challenges, I'm always ready to push the boundaries of what's possible in mobile app development.
